The task presented was to transform the disorganized space into a calm organized retreat. A large work area, ample storage and an ironing solution were priority. After reviewing several concepts final designs were selected. Dropped ceilings were replaced with a can lit ceiling. Drafty windows were replaced. Stained carpet was replaced with carpet tiles. A recessed ironing center was added. White Shaker cabinetry added clean lines with full extension, soft close drawers and roll outs shelves. The Cambria 'Torquay' surface added gray to the room's palette. The walls were then painted a beautiful coral color to give it a pop.

2015 REMY REMODEL OF THE YEAR
