

# KITCHEN REMODEL \$60,000 - \$100,000

## GOLD ★ ALL STAR ★

### BUSINESS PARTNERS

Our client desired a more open concept for her kitchen. The style in mind was a Northeast vision captured by a Cape Cod inspired style. Bright yet comfortable was the goal. The plan to open up the kitchen included removing the peninsula, soffits and cook top, relocating a 6' sliding door unit and replacing it with a twin double hung window unit and having a Cape Cod style bench seating area for a custom made dining table. Hand scraped hardwoods, granite tops, custom ceiling height cabinets, subway tile integrated with new appliances and pastel paint accomplished the homeowner's vision.
