## KITCHEN REMODEL

We transformed this small Overland Park kitchen into a spacious beautiful kitchen. Starting from the design phase until we finalized cabinets, we worked with our customers to make their dreams come true. Spending time with family and friends, and having a central location to entertain was very important to this couple, and what they love to do. Making the kitchen the hub of their home and designing it to meet all of their needs was our number one goal. Now they have the perfect space to do what they love!
