- Factory Direct Appliance, a Ferguson Enterprise
- Lee Drywall, Plaster & Stucco
- Roth Living
- Wilson Lighting
- SVB Wood Floors

When this kitchen was built 18 years ago, it was considered state of the art. However, styles and technologies change, and to stay in step, this kitchen needed a fresh look. To improve the flow and allow for the large professional Wolf appliances to become focal points, their placements were strategically rearranged. Accentuating these appliances, this stunning kitchen has classic, timeless off-white cabinets, expansive marble-like quartz countertops, and a marble tile backsplash all the way to the ceiling. This kitchen is suitable for a professional chef, yet warm, inviting, and practical for casual entertaining and family gatherings.

2017 **REMY**
REMODEL OF THE YEAR
