

# HISTORICAL RENOVATION/RESTORATION UNDER \$250,000

## GOLD

### BUSINESS PARTNERS

When you start with the bones of a beautiful home in one of Kansas City's historic neighborhoods you know you are in for a fantastic and rewarding project! Upon our first visit to the home we were taken aback by all the original details that we wanted to incorporate into the new remodel. The goal was to renovate this space and bring it up to date while also paying homage to the history of the home. For function we had to consider that the homeowners love to entertain and have some large parties.
