

ENTIRE HOUSE REMODEL \$250,000 - \$500,000

SILVER

BUSINESS PARTNERS

Nothing is more rewarding than working with a satisfied client on multiple projects. We completed a home remodel for these clients in 2014 and, recently, they engaged us to again help them transfer their newest dream home into reality. This majestic home, built in 1991, was ready to be updated. His very modern and her very traditional tastes needed to be melded together to create a home for this family reflective of their lifestyle and personalities—a blend of color and contrast, traditional and modern, whimsical and practical. This amazing home is a great example of modern married with traditional.
