

BATH REMODEL UNDER \$25,000

GOLD

BUSINESS PARTNERS

Jason Wright Electric

The Ali family were hoping to create a modern guest bathroom. Clean simple lines with a floating vanity, white countertop; with a gray and white color palette with a tub enclosure that didn't impede bathing the children, were the requests.

Through a collaborative design process, the drab bathroom was transformed.

A frameless Eclipse cypress floating vanity was adorned with a 4" thick pure white quartz top. A rectangular under mount sink with Moen 90 degree fixtures was embellished with modern sconces and a metal framed mirror.

A recessed ceiling shower curtain provided the modern solution to the bathing problem.

2017 REMY REMODEL OF THE YEAR
