

2024 Professional Remodeling Collective REMY Categories

Projects will be put into price categories based on the entries. There will be two winners—one Gold and one Silver per price range provided that the point criteria is met. Some price ranges may not have winners because the minimum points were not reached. In the categories that do not have price ranges, the highest scoring entry will be deemed the Gold winner and all other entries that meet the point criteria will be designated as Silver winners.
